## Safety & Liability

### Health Screening

It is not the responsibility of the Greater Manchester Walking Football League to carry out health checks on players entering tournaments or leagues.

It should be presumed that clubs will have their own screening, as amongst the age group of the players some will generally have some sort of medical condition, therefore ***it is recommended that each team have a qualified first aider.***

The FA run first aid courses and further details and where to find a course local to you can be found here -

<http://www.thefa.com/get-involved/coach/courses-and-pathway/fa-national-courses/the-fa-emergency-aid-ea-course>

**The Heywood Sports Village has a defibrillator on site.**

### Safety

A player must not use equipment or wear anything that is dangerous to himself or another player, including any kind of jewelry. Jewelry, which is potentially dangerous, but cannot easily be removed, should be taped. **Shin pads are now compulsory** and footwear that's appropriate for the pitch being played on must be worn.

Boots with metal studs or blades are not allowed. All players footwear and the use of shin pads will be checked by the referees. Any player with metal studs or blades or will not be allowed to play unless the footwear is changed to comply with our rules.

***Each team must provide their own kit. Shirts must be numbered. All teams must have a colour change available, or bibs, where a clash of colours occurs with opponents. The home teams on the fixture list are responsible for providing bibs.***

At the final session of league seasons and cup competitions a presentation will take place and a buffet provided for all teams. Please stay and attend even if you were not successful in winning a trophy.
